

Made of a special highly-resistant rubber compound that outwears many other types of flooring materials because of its resilience. Its toughness assures the most economical service under severe traffic conditions. Provides a quiet cushion that reduces noise. Truly a heavy duty flooring for long, hard service without need for maintenance attention once installed.

*In rolls of approximately 10 yards each.*

**TRANS-ISLE RIBBED RUNNERS**

For aisles. Virtually slip-proof. Heavy ribbed construction presents a constant gripping action even when wet.

High ribs give quick drainage and self-cleaning action.

P.C. 841

**TRANS-FLOR SMOOTH RUNNERS**

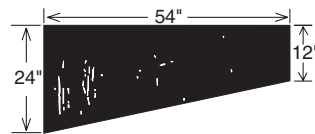

For areas where smooth flooring is desired (under seats, etc.).

**BLACK BUS MATTING**

<b>SPAENAUR No.</b>	<b>Style</b>	<b>Gauge</b>	<b>Width</b>
