

2-Point Rod Actuated

099-247

(Zinc Plated)
Rod Actuated
Key-Locking
(Shown)
Keyed to differ
with one key

Weight
3 lbs. 1 oz. each

Rear View

This smooth-acting, slam-type latch is intended for use on all types of compartment doors on farm equipment enclosures, stationary equipment, and machine tool cabinets.

The recessed pan permits flush installation; simply cut an appropriate hole and attach by screws, bolts, or welding. This latch is especially suited for installation in tight quarters because the overall thickness is only 1-9/16".
