Pouce et Métrique

Charnières dégondables / profil bas (plates) / petites et décoratives

Moulded Lift-off Hinges

with stainless steel pin for all types of panels and enclosures

Material -
Hinges are moulded in tough **glass-filled black acetol nylon**, with **9.5 mm** diameter pin in grade 303 stainless steel, ultrasonically welded into fixed half.

Look at these features -

- Totally corrosion-resistant for indoor/outdoor use.
- Self-lubricating, will not bind-up or seize.
- Attractive modern design with matt textured finish.
- More ductile and less brittle than die castings.
- Self-colour (black), will not scratch or peel.
- Good load-carrying properties
