MOULDED NYLON THREADED WING NUTS

CORROSION-RESISTANT - NATURAL COLOUR NYLON 6/6 UL 94V2

● NON-MAGNETIC ● HIGH STRENGTH TO WEIGHT RATIO ● WON'T MAR SOFT SURFACES

PC Nylon Wing Nuts have unique properties which make them superior to metal wing and thumb nuts in many electrical and electronic applications where a hand adjustable fastener is needed along with an electrical insulation requirement to eliminate shock. Also recommended for use under corrosive conditions, because they are highly chemical resistant.
