POLYURETHANE TUBING

Colour:
Natural, Clear

Polyether-Based
"Durometer 85 Shore A"

Polyether-based polyurethane tubing offers excellent resistance to kinking, abrasion, hydrolysis, oxidation, and ozone. Polyether-based polyurethane tubing offers high resiliance, good energy-absorption, good all around chemical resistance.

Excellent in applications requiring superior toughness and resistance to tear, abrasion, ozone, oxidation, fungus, and humidity. Excels in cold temperature, impact and flexibility.

SPAENAUR No.	INSIDE DIA.	OUTSIDE DIA.	WALL THICK.	PKG QTY. 1 REEL
825-200	1/16"	1/8"	1/32"	2,500 ft.
825-B42-1N	3/32"	5/32"	1/32"	1,000 ft.

825-203	1/8"	1/4"	1/16"	1,000 ft.
825-204	3/16"	1/4"	1/32"	1,000 ft.
825-205	3/16"	5/16"	1/16"	500 ft.
825-206	1/4"	5/16"	1/32"	100 ft.
825-B16-1N	1/4"	3/8"	1/16"	100 ft.
825-235	3/8"	1/2"	1/16"	50 ft.

FLEXIBLE VINYL (PVC) TUBING

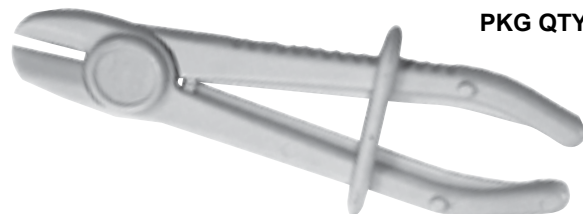

"Durometer 68 Shore A"
Colour: Natural, Clear.

Natural Vinyl Tubing is plasticized from non-toxic flexible PVC. This tubing offers a wide range of chemical resistance which makes problems involving the handling of corrosive, pure or sensitive solutions. This tubing will not offer the kink resistance or strength of our polyurethane tubing, but is an excellent alternative choice when cost is an overriding priority.

SPAENAUR No.	INSIDE DIA.	OUTSIDE DIA.	WALL THICK.	PKG QTY. 1 REEL
825-208	1/16"	1/8"	1/32"	2,500 ft.
825-209	1/16"	1/4"	3/32"	1,000 ft.
825-210	3/32"	5/32"	1/32"	2,500 ft.
825-211	1/8"	3/16"	1/32"	500 ft.
825-212	1/8"	1/4"	1/16"	1,000 ft.
825-213	3/16"	1/4"	1/32"	1,000 ft.
825-214	3/16"	5/16"	1/16"	500 ft.
825-215	1/4"	3/8"	1/16"	500 ft.
825-216	1/4"	7/16"	3/32"	500 ft.

Flexible Line Clamps of Blue Plastic

(easily seen on the project)

PKG QTY. 1

For clamping flexible plastic lines (except metal fibre reinforced lines e.g. fuel injection and brake lines).

SPAENAUR No.	Clamps line dia. up to:	Overall Length
993-980	37/64" (15 mm)	6" (150 mm)
993-G03-1T	1-5/32" (30 mm)	7-1/4" (180 mm)

For Miniature Nylon Fittings for use with tubing shown above, see pages G15-G21.
